

DUKESHOUSE WOOD RESIDENTIAL VISIT 2015

The children of Year 5 and Year 6 enjoyed their residential trip to the rarefied air of Dukeshouse Wood just outside of Hexham between Monday 18 May and Wednesday 20 May.

For some children it was their first trip away and there was an equal measure of excitement and apprehension in the air as the children boarded the bus on the Monday morning.

Very quickly though, our kids adapted like 'ducks to water' and were soon enjoying all that the facility had to offer. There was archery, outdoor laser quest, nightline (which got very dirty) and a 3G swing to challenge us and keep us entertained.

Even though the weather could have been considerably kinder, the children of St. Lawrence had a brilliant time and gained a great deal from the experience. Their behaviour was outstanding and was commented on by visitors from other school and employees of the centre. All of the staff were extremely proud of them and there were some tired eyes as we arrived back on the Wednesday afternoon.

Many thanks to all of the staff who went to make the trip possible and particular thanks to Mrs McWeeny and Mrs Liddell for their excellent organisational skills.
