

STUDYING OTHER FAITHS: ISLAM

As part of our quest to further our knowledge of the world, we spent a week studying Islam. Each class came back and presented what they had learned to the rest of the school.

Among other things, we learned about the five pillars of Islam, the importance of prayer, the season of Eid and the importance of the Qur'an in Islam. We had to learn them very well as Year 6 tested us with a quiz!

Most importantly we learned that Islam is a religion of peace and kindness and shares many parallels with Christianity. We learned that difference is a beautiful thing in our world and that it is something to be embraced and celebrated.

Some more of our photos from the assembly are in our 'Photos' section under 'Whole School Events.'
