

Y5 AND Y6 RESIDENTIAL TRIP TO LONDON

Y5 and Y6 had the experience of a lifetime in early January after the school took them on a trip to London.

We rose early at 5am and departed for our nation's capital at 6am. On the way down we took in a visit to the Imperial War Museum where we saw many of the world's most famous aircraft including a Lancaster Bomber, a B52, a spitfire and a Messerschmidt. We even got to board Concorde!

The next day we rose early and squeezed an awful lot in. We saw the House of Commons and had an audience with our local MP, the RH Nick Brown. Mr Brown took us into a committee room and was very generous with his time. After that, we went to Buckingham Palace and the Natural Science Museum before refuelling at Pizza Express. We then took in a spectacular West End show; Roald Dahl's Matilda which was simply wonderful.

The children were a credit to the school throughout and certainly won't forget their first excursion to London. Below is a photo next to Buckingham Palace. You can find many more under the Photos section of the website under 'Residential Trip to London.'
