

Year 2 Visit to Wor Lotty

Year 2 have made two exciting visits to **Wor Lotty** which is a community allotment run by Food Nation. Sessions have been led by Anna Corbett. The children have planted seeds, harvested vegetables, cooked with the produce and learnt about healthy eating.

The activities have been interactive and interesting and have really brought the Science curriculum to life. Year 2 are already excited to return to the allotment in July for their final visit to see how things have grown and to make pizzas in an outdoor pizza oven using some of the produce from the garden.
